Accura® 25

FIGURE 4

Figure 4® FLEX-BLK 10
Figure 4® FLEX-BLK 20

PROPERTIES:

- Accurate
- Durable and highly flexible
- Excellent shape retention

GOOD FOR:

- Prototyping
- Functional testing
- Low-volume production
- Master patterns for RTV/silicone molding
- Snap-fit assemblies

	Accura® 25	A general purpose flexible plastic for use with 3D Systems' SLA printers.
	Figure 4® FLEX-BLK 10	A flexible and durable black material for use with Figure 4 technology.
	Figure 4® FLEX-BLK 20	A flexible, high impact, black material for use with Figure 4 technology.
